hair + makeup

About Us:

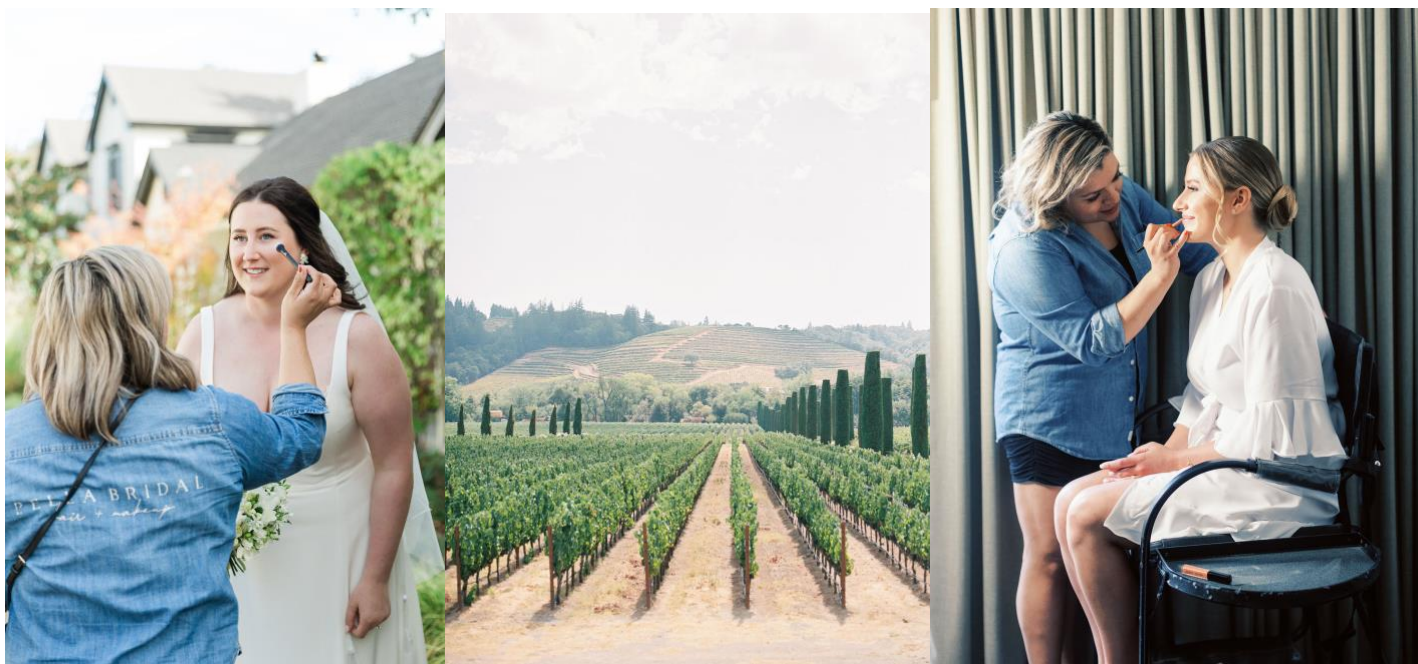

Hello from the Ladies of Bella Bridal!

We are ecstatic you are here!! We are excited to be a part of your wedding day!!

We are a team of twenty artists, that specialize in Bridal Makeup and Hair Artistry. Bella Bridal was established in 2013 where Jocelyn, the Founder and Master stylist created her team. Most of the team have been working together for the last eight years and have added talented artist season after season.

Our approach to makeup is more natural, enhancing your features and ensuring you look like yourself. If natural is not your look and you are looking to have that snatched Neutral or High Glam- we do have selected artists that specialize in just that! Each artist has their own portfolios on Instagram, which can be provided. Our Team does consist of artists that specialize in just makeup, just hair or can do both hair and makeup.

We customize your wedding day artists to the services requested and a personalized timeline will go out after booking.
